Platform and Resolutions of the Silver Party of Nevada.

PLATFORM AND RESOLUTIONS.

The Silver Party of Nevada is convention assembled at Carson City, on the 4th day of September, 1894, declare that platforms should assert cardinal principles of political faith concerning questions of political interest and present moment without exception or evasion. We hold that history has demonstrated that these principles are right and equitable and their observance necessary to secure the welfare and individual happiness for which this Government was established.

SILVER.

We deny the right or authority of the Government of the United States to tax gold or silver or abridging the privilege of any citizen to the free coinage of silver into standard money at the legal ratio of 16 to 1, independent of any other nation, and we demand the repeal of all laws denying or abridging that right.

We assert that any law denying or abridging the right of free coinage of gold and silver into standard money at the legal ratio of 16 to 1, independent of all other nations, is a denial of the sovereignty of the people of the United States as a nation and independent state, and law in restraint and a rigidity of production and commerce.

We assert that from 1861 to 1894 inclusive, a period of 34 years last passed, the Democratic party and the Republican party have made and administered the law of this nation; that that period has been characterized as of uninterrupted bountiful harvests and bountiful productions in all our great natural resources and that our people have made unparalleled advances in still, in every branch of manufacture and artisanship; that the period has been one of general health and notwithstanding the civil war, a period of unparalleled prosperity from 1861 to 1873. In 1873 the Republican party passed laws in restraint of the coinage of money denying mintage to silver, this money went in the pocket of every citizen and till of every store. The decadence of silver has been steady, gradual and unrelenting as the grip of the gold standard of money has closed around our industries and labor and the price of every production of labor, by forest, field, mine and manufacture, have fallen parallel with the decadence of silver, which today is worth less than 50 per cent of its standard coinage value at the legal ratio of 16 to 1.

Three millions of our people are without the comforts and decencies of life, every industry in our nation is restrained, pinched and

dwarfed by the demonetization of silver to the great injury of every laborer, producer and tradesman in the nation.

The volume of money in circulation should be speedily increased and always be fully adequate for the requirements of business. That all money should be a legal tender for debts both public and private. That no money should exist except such as issued directly by the National Government and nothing should be money but gold, silver and Government paper.

We favor the redemption of Government bonds and the prohibition of any further issue thereof in time of peace.

We demand the abolition of National banks.

We demand the collection of the indebtedness of the Pacific railway companies to the United States at maturities without any extension of time or change of terms and conditions.

A public officer is a public trust. No person or party should be trusted who has ever violated that trust. Every citizen should contribute to the support of the Government in proportion to his means and in accordance with the necessity of good government, but no Government should augment its burden or enhance its necessities by unnecessary needless interest bearing debts making us less expendable, or by failing to promptly collect what is justly due, whether it be a loan, a tax or a tariff.

No grant should be made of public property for any other than a public purpose, and it is the duty of the Government to secure to the public the enjoyment of the benefit which was the consideration of the grant, or declare it forfeited.

We demand Government ownership of telegraph lines and Government subsidized railroads.

LABOR.

We demand that no law shall be enacted restraining or abridging the developments of our natural resources and we guarantee to the people freedom of pursuit and the inalienable right to enjoy the full value of all property that their labor produced. We hold it as one of the truisms of human existence and modern progress and enterprise, that capital and labor should go hand in hand in the general advancement, happiness and good of this great commonwealth. Therefore we claim that capital and labor should stand on an equal footing before the law, and that the laborer should always receive a fair compensation for a fair day's work. That both capital and labor have the legal and unquestionable right to organize for mutual protection and self-preservation.

We believe that a national and State Board of Labor Commissioners should be created by law and made elective by the people, to whom all questions in dispute between capital and labor should be referred and that both parties concerned be compelled to arbitrate and that the decision of such Board of Labor Commissioners be final and binding alike on the employer and employee.

OBEEDIENCE TO THE LAWS REQUIRED BY ALL.

We denounce the criminal suspension of the laws of Congress by the President, such as the increasing clause of the Sherman Bullion Purchasing Act; the Geary Act, providing for the deportation of unregistered Chinese, and demand the exclusion of paupers and contract labor.

The able and efficient services of senators Stewart and Jones and Congresswoman Newlands in the Congress of the United States in behalf of all interests that promote the welfare of our people, are

We denounce the purchase and sale of Elective Franchise as destructive of our liberties and treason to our Government. We demand the disfranchisement of both parties to the crime, and the punishment of the prisoner by fine and imprisonment. The franchise once sold shall be gone forever.

LOTTERIES.

The establishment of a lottery in this State would be a blot upon the people and would result in financial and moral degradation. Therefore, in the language of our constitution, "No lottery ticket shall be authorized by this State, nor shall the sale of lottery tickets be allowed." We condemn in equal terms all legislation this State which have attempted to legislate or authorize lotteries or the sale of lottery tickets.

We demand the collection of the indebtedness of the Pacific railway companies to the United States at maturities without any extension of time or change of terms and conditions.

We demand Government ownership of telegraph lines and Government subsidized railroads.

OBEEDIENCE TO THE LAWS REQUIRED BY ALL.

We denounce the criminal suspension of the laws of Congress by the President, such as the increasing clause of the Sherman Bullion Purchasing Act; the Geary Act, providing for the deportation of unregistered Chinese, and demand the exclusion of paupers and contract labor.

The able and efficient services of senators Stewart and Jones and Congresswoman Newlands in the Congress of the United States in behalf of all interests that promote the welfare of our people, are

worthy of the endorsement of every patriotic citizen of our State.

Resolved, That as large expenditures are made by the General Government in improving the harbors and rivers of the coast states and the agricultural states of the Ohio and Mississippi valleys equally and justice demands similar appropriations for public uses in the arid region, and that we call on the General Government or liberal appropriations for storing and conserving at their source the waters of the streams and rivers of the arid region. This being done the reclamation of arid lands can be conducted by the State or by private enterprises.

Resolved, That the Silver Party of Ormsby County endorse each and every plank of the platform accepted by the Silver Party of Nevada in the state Convention held at Carson Sep. 4, 1894.

That it congratulates the voters and taxpayers of Ormsby county upon the faithful and efficient manner in which the nominees of 1892 have performed the duties of their respective offices, thereby enabling the Silver Party of Ormsby to keep every pledge made to the people of the county in its party platform prior to election.

Since the accession of the party to the management of county affairs there have been no filled vacancies and no investigations by Grand Juries while the letting of fraudulent contracts in the interest of county officials has been wholly done away with.

Each department of the County Government has been honestly and economically managed, with actual saving to the taxpayers of nearly \$10,000 per annum for the past two years.

Under these circumstances the Silver Party of Ormsby feel justified in again demanding the support of the voters and taxpayers of the county at the forthcoming election.

Resolved, That this Party unequivocally endorses the action of Hon. John P. Jones in withdrawing from a party who, while professing to be the friend of Silver in its State platforms, has persistently caused its Representatives in Congress to bow to the mandates of Wall Street.

This Convention denounces as illicit, its siting and incessant the demand for its resumption by the Republican State Central Committee of Nevada, who by their illegal and impudent demands for the withdrawal from the Senate of the United States constituents is one of the leading silver exponents of the World, if we consider the venerable mask of disimulation it has so long covered the true Republican party of Nevada.

Resolved, That no bill canary occur in the State Senate from the time it would be necessary to file the next meeting of the Legislature until the vote of the electors of the nominees of the party hereinafter pledged to P. Jones, to fill the term.

That we endorse the co-operation of Stewart and Jones in behalf of all interests that promote the welfare of our people, are

SURROUNDED BY MYSTERY!

A Great Mistake.

A recent discovery is that headache, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying these organs with nerve fluid or force. This is likewise true of many diseases of the heart and lungs. The nerve system is like a telegraph system, which carries messages from the brain to all parts of the body. If the nerve system is deranged, the messages do not pass correctly, and the body does not receive the messages correctly. This causes disease.

Franklin Miles, M. D., E. L. R. 3, a highly educated scientist and student of nervous diseases, and author of many medical publications on the subject, long since realized the truth of the first statements and his "Nervine Remedy" has been the most popular and successful remedy of the nervous system, a wonderful remedy for all forms of disease, such as rheumatism, angina pectoris, dyspepsia, &c., piles, &c., &c., & also for loss of sexual desire, St. Vitus舞, epilepsy, etc. It is said by all physicians on a positive guarantee, recommended by Dr. Miles' Medical College, Eureka, Cal., one bottle of price \$1 per bottle, six bottles for \$5.00, retail.

Restorative Nervine positively contains no opiate or dangerous drugs.
